

PLACEMENT CELL REPORT (2015-2016)

The Placement Cell has always strived to achieve maximum placements for the students of Symbiosis Law School, Pune. The year 2014-2015 had been a year with the highest number of placements ever seen, with our students being recruited by various corporates, law firms and LPO'S.

This year we commenced with the Campus Recruitment Process for the batch of 2015-2016 in the month of August, 2015. It has been an ongoing endeavour since then. Many companies and law firms have already visited our campus and many more will be visiting our campus soon to recruit our students to work with them

In terms of internship, we approached many law firms and companies with many students applying for them and getting selected in various NGO'S, law firms and corporates.

We have already started with the CRP 2016-2017 for which we have conducted photoshoot for the Placement Brochure and the CV Verification process. We will soon be printing our Placement Brochure for the batch of 2017.

We have 92 students placed through in-campus placements. However, an additional 149 students were placed as practicing advocates from the 5 years UG course and the 1 year PG course. The total number of placements in the year 2015-16 were 241.

Events organised:-

- We organised a guest lecture by Talerang for the students of I Year. Talerang is an organisation which focuses on soft skills development of students so that they have a better chance of securing internships and placements.
- A lecture by Justice and Care an International NGO who mainly works in the field of human trafficking conducted a lecture for the I years, to sensitise them about the issue of human trafficking.

Symbiosis Law School
Pune - 411 014.

Road Map:-

We have already started with the Training & Development programme for the batch of 2016-2017 which will help them in preparing for Campus Recruitment Process. The T&D programme has:-

- Well placed alumni visitors and resource persons from various fields of the Industry will become a panel and will be conducting a mock recruitment process which shall consist of Group Discussion and Personal Interview.
- Conducting the CV Writing workshop
- Talk on How to face interviews from experts in that field.

We are also working on getting law firms and companies that have never come for Campus Recruitment Process. We hope to break our past record and set a new milestone in terms of placement
